

Quality Policy

Cablelynx Limited recognises that the disciplines of quality, health and safety and environment management are an integral part of its management function. Our purpose and strategic direction have been aligned with the business context in which we operate.

Our Quality Policy calls for continual improvement in Quality Management activities and business will be conducted according to the following principles;

The Company will:

- Establish a framework for the setting of clear objectives for quality and monitor performance against them. Results will be communicated throughout the Company and to interested parties, (upon request);
- Commit to comply with all applicable laws, regulations and other requirements;
- Commit to complying with the requirements of ISO 9001 and continually improve our Quality Management System. We will make best use of our management resources in all our Quality matters taking account of associated risks and opportunities when planning changes to our business;
- Take due care to ensure that all activities are safe for employees, associates, subcontractors and others who come into contact with our work;
- Work closely with our customers and external providers to establish the highest Quality standards, to enhance the customers' perception of the company by consistently delivering a range of products to the customer's own specification;
- Adopt a forward-looking view of future business decisions taking account of the context in which we operate;
- Train our staff in the needs and responsibilities of Quality management.

This Quality Policy will be made available and communicated to all staff and, made available to Interested Parties, (upon request).
